School of the Dragon

This fan-fiction article, **School of the Dragon**, was written by Witcher1992. Please do not edit this fiction without the writer's permission.

The **School of the Dragon** is a witcher school founded by several members of the School of the Manticore in the Skane Islands, who had exiled them, after being exiled from their school, for unknown reasons.

Some speculate that it was because of the refusal to train women in their school, which was imposed by the government of Ard Skellig at the time, but this is something we don't know for sure.
